<u>Line of Insurance</u>		

Does filing only apply to certain territory (territories) or certain classes?
If so, specify: No

Brief description of filing. (If filing follows rates of an advisory

organization, specify organization): IL Rate Filing

Allstate has again purchased countrywide catastrophe aggregate excess reinsurance agreements to mitigate our exposure to catastrophic losses. One agreement has a one year term, effective 6/1/2007 to 5/31/2008, and the other agreement has a two year term, effective 6/1/2007 to 5/31/2009. The one year term agreement has been 15% placed and the two year term agreement has been 80% placed, leaving Allstate the option of placing an additional 15% in year two. Together the catastrophe aggregate excess reinsurance agreements will apply to Allstate and Encompass brand personal auto and personal property policies nationwide (excluding Florida), providing coverage for the term 6/1/2007 to 5/31/2008 of 95% of the first \$2 billion in excess of \$2 billion of retained losses from storms named or numbered by the National Weather Service, earthquakes, and fire following earthquakes, subject to the terms, conditions, and limitations set forth in these agreements. These agreements replace Allstate's countrywide catastrophe aggregate excess reinsurance agreement that was effective from June 1, 2006 to May 31, 2007.

With this filing, information is provided to support the revision of the distinct charge to cover the fire following an earthquake portion of the net cost of reinsurance in Allstate Insurance Company for the Residential Fire program in the state of Illinois. The net cost of reinsurance is equal to the reinsurance premium paid, less expected reinsurance recoveries under the contract. Please refer to filing R16935 for additional information on the original net cost of reinsurance filing.

Allstate's decreased reinsurance cost will be reflected by revising the reinsurance rate adjustment factor in the rate calculation for the Residential Fire program. The factor is currently 1.000 for Residential Fire. The revised reinsurance rate adjustment factor will apply to the calculation of the reinsurance charge for all policies and will therefore have the same effect as a reinsurance base rate change.

Effective date:

New business written and renewals processed May 14, 2007 with renewal business effective June 28, 2007.

* Adjusted to reflect all prior rate changes.

** Change in Company's premium level which will result from application of new rates.

Director, Actuarial Functions

Official - Title

We have revised the Key Premiums/Key Factors based on ISO Loss Costs Reference Filing Number DP-2007-RLA1. Miscellaneous rates are based on DP-2007-RLA1 and DP-2002-RLC1.

This filing will:

- Revise the Key Premiums
- Revise the Deductible Factors for Extended Coverage and 1% and 2% Wind/Hail
- Revise Miscellaneous Rates

F 540 UNIFORM

On a statewide weighted basis, the change for Fire is -9.22% or -\$2,165 and the change for Extended Coverage is -0.05% or -\$6. This results in an overall decrease of -5.98% or -\$2,171.
